We bought at assignee's sale ONE HUNDRED DOZEN (1200 pair) of fine steel Shears at a ridiculously low figure. They come from the bankrupt stock of a large Eastern manufacturer and are of first quality, standard make—goods that sell regularly at 40 to 65 cents—not pot metal that is polished to look like tempered steel and which are sold in stores where dry goods are found, but the genuine article. Our lucky purchase permits us to place these Scissors on sale at the almost give-away figure of

25 Cents For Choice!

They are of assorted lengths, and one or more pairs would make an acceptable and inexpensive Christmas present. See east window display, and get a pair before they're all gone.

Three-fourths Clause Does Not Hold Good

The Court of Appeals Thursday construed the Kentucky insurance law in the case of the Germania Insurance Company, of New Orleans, vs. S. A. Ashby, from Muhlenberg County, in affirming the judgment of the lower court. Ashby sued to collect \$500 on a policy of fire insurance, covering a stock of groceries for \$400 and a store building for \$100. The company resisted payment on the grounds that the policy holder did not keep his books properly and could furnish no proof of loss. The three-fourths clause was also pleaded. The court holds that the three-fourths clause does not apply to any policy in Kentucky under the statutes.

It would show more modesty on the part of Taylor of "Ingiano" were he to proclaim innocence from the capital of Kentucky rather than from the capital of Hosierdom. Taylor at Washington, though, proclaims to the world that he will sell twenty pounds granulated sugar for \$1 and ten pounds of either Lion, Levering or Arbuckle coffee for \$1.

Mutual Telephone Meeting.

Parties who are at work organizing the Maysville and Mason County Mutual Telephone Company request that all interested in such a company and all who desire to become members will meet at the court house, this city, next Monday at 1:30 p. m.

In reversing the case of Scott &c., against Commonwealth &c., from Fleming, the Court of Appeals says:

One of a large number of tax-payers from whom a tax has been illegally collected may sue for the benefit of all to recover the sums paid, though he be a non-resident of the county, and the other persons for whose benefit he sues be residents of the county; and the amount in controversy in such an action both in the trial court and for the purpose of an appeal by plaintiff is the entire trust fund sued for and not merely the amount of plaintiff's share of the fund.

"Take care of the pennies and the pounds will take care of themselves."

Large things are but an aggregation of small things. If we take care of the small things we are in effect taking care of the large things which the small things combine to make.

Take care of what you eat, when you eat, and how you eat, and your stomach will take care of itself. But who takes care of such trivial things? That is why, someday, the majority of people have to take care of the stomach. When that day comes, there is no aid so effective in undoing the result of past carelessness as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the organs of digestion and nutrition to a condition of healthy activity. It cures biliousness, heartburn, flatulence, indigestion, palpitation, dizziness, cold extremities and a score of other ailments which are but the symptoms of disorder in the stomach and its allied organs.

STRAY HOG—A stray hog got into my lot a month or so ago. Owner can get same by proving property and paying costs. JOS. TUCKER, on Hill City pike.

A crowd which taxed the seating capacity of the Upper street Baptist Church greeted Dr. John H. Boyet last night to hear his popular lecture on "Sweetening the Wind." To say that all were pleased puts it mildly. The lecture was filled with humor of an original kind and never failed to produce an outburst of laughter and applause. His tribute to his mother, who sweetened the atmosphere of his early life, was beautiful, and in dealing with those tender relations of life, which touch the soul, his pathos was deep and powerful.—Lexington Leader.

In his biennial report Adj. Gen. D. R. Murray recommends an increase in the annual appropriation for the State militia from \$7,000 to \$30,000. He discusses at length the Hopkins County mine troubles, and urges that non-resident miners not employed be compelled to leave Hopkins County.

There will be no service at the Washington Presbyterian Church to-morrow morning, but the pastor will preach at the usual hour to-morrow evening.
